Investments and Due Diligence

We have undertaken the full range of business transactions over the years and we can help with buying or selling, advising through the process, advising how to avoid the pitfalls and most importantly save your money.

Our International Legal Teams are experienced in acquisitions and disposals, we are able to advise you on the due diligence process and make substantial savings for you compared to other law firms.

- Understand key terms of all significant customer and supplier contracts
- Summarise significant accounting policies adopted by Target, including judgmental reserves and estimates
- Analyse contracts or letters of intent for the sale or acquisition of capital assets or securities.
- Examine agreements or instruments which place restrictions or encumbrances on assets of the Company

Additional Legal Packages & Services

Legal Risk Management

We also provide risk analysis, a full legal management regarding based on Turkish and International Law to protect financial exposure, prevent financial losses, advising on operational issues, contracts and regulatory risks.

- Cross border Legal issues
- Financial exposure mitigation
- Protection of assets

See here for our extensive [“Legal Risk Management Packages”](#)

Disputes & Litigation

As an International Law firm with substantial legal experience, we can also assist you with any disputes between owners, partners or directors, including resolving the dispute amicably, negotiating, mediation, dispute boards, lawsuits and arbitration”

Specialist Advice

In addition to supplying you with these services we will be on hand to answer any queries you may have regarding Company Law.

You can call us at any time with your queries and you will speak directly to a Company Law specialist. All our Legal specialists are trained corporate experts. We will not simply state the law, we will give you practical advice so that you are able to manage your business effectively and take bold commercial decisions.

Board and Shareholder Meetings

For a set fee we are happy to attend board or shareholder meetings at your request and deal with any issues that may arise.

Forecast your costs

Monthly invoices with set fees allow you to accurately forecast your costs and keep your legal bills down.

At K&P we focus on your requirements and we are conscious of the costs that all businesses face.

Additional Services

Outside of the fixed monthly fee and at rates to be agreed between us, we can also assist you with the following additional services:

We provide a comprehensive acquisition service including:

- Initial early stage negotiations
